

HyLIFT-EUROPE – Deliverable 4.2

Delivery of last fuel cell vehicles

Report Status: FINAL

Report Date: 01 FEB 2018

Author: Björn Grünke, STILL GmbH

PU – Public

The research leading to these results has received funding from the European Union's 7th Framework Program (FP7/2007-2013) for the Fuel Cells and Hydrogen Joint Undertaking Technology Initiative under Grant Agreement Nr. 303451.

The project partners would like to thank the EU for establishing the fuel cells and hydrogen framework and for supporting this activity.

Disclaimer

The staff of HyLIFT-EUROPE prepared this report.

The views and conclusions expressed in this document are those of the staff of the HyLIFT-EUROPE partners. Neither the HyLIFT-EUROPE partner(s), nor any of their employees, contractors or subcontractors, make any warranty, expressed or implied, or assume any legal liability or responsibility for the accuracy, completeness, or usefulness of any information, product, or process enclosed, or represent that its use would not infringe on privately owned rights.

This document only reflects the author's views. FCH JU and the European Union are not liable for any use that may be made of the information contained herewith.
